j\_ball430My elimination is a mere stopping people, like you, from flaming through victory in debating our cause. What I have cut us down to is an elite group of intelligent gamers.

I never called you a moron. I said we are going to debate against morons. I then said eliminate the likes of you. It may have came off as such, but I never called you a moron.

You sure don't seem too intelligent, because you did in fact call me a moron. You debate against morons, you want to eliminate me. Maybe you were calling me more than a moron, because I seem to be quite high on your ineffective, powerless hitlist. Also, I'd like to know how flaming leads to any sort of victory...Especially related to your "cause", because it just happens to be dedicated to doing what it's supposed to prevent in the first place. "Fight fire with fire", right? May as well go debate with yourselves, as you seem to have violated the apparent rules of your own "cause". Another thing I'd like to be enlightened to is how you plan on stopping "people like me", while you're still dishing out insults...
