Scrumfy, don't get me wrong here. I don't see you as a bad person, I just don't like your opinion. Now as my job as a fucktard defender, i consider myself to be much like today's police force. although you may not be a bad person, something that you say or do can result into you getting trouble with "the law."

I am not a bad person, but I made a bad choice by stealing something from my employer and I am now in the court system. So I am being dealt with accordingly to my actions.

I can see myself having normal conversations with you, Scrumfy. I wouldn't object to you and me talking, I would actually enjoy the intelligent conversation that I desperately need.
