I'm on my fucking list for what I had done earlier. It's just going to be a little handy list, it won't even be on these forums. I've decided to have it on a web site. This is the last thread you'll have to see from NFD, it's just going to be useful info for anyone who may want it. I'm sorry if this annoys you, but I am hoping it's useful to others. I knew that if I posted this that it would cause a little bit of turmoil, but I felt that I needed to just post info on that we're not gone just redefined. There, that's all I am going to say about NFD. If you still have a problem, please, just ignore it.
