Where was the whining, please point it out. Or, did you just get pwnt to badly? Yes, that must be it! Yes, you are right, your white background a few lines website is better than ours. Your hits consisted, of me clicking on your link earlier today. Your websites, prrove nothing that you are better than i am. I have no problem attmitting i am not an "Almighty Webdesigner" You, just think you are the best. Yes obviously some of the best snipers give a shit about our clan, as they are in it.

Like i said before, please read again. We are a sniping clan, dare to play us in a sniping clan match? We aren't AOW. Although a 1 on 1 with you, would be easy enough.

How does it feel to go through this day in and day out. Just knowing as soon as you come to the renegade forums, everybody talks shit about you. Does that make you proud?

All you do is your gay this and he is gay that, and how you did someones mom. Thus, it proves your immaturity level. NOTE: Most of us are out of elementary school. GROW THE FUCK UP.

I think i went into your server's once before, how long ago, and yes, just one time you are right. Feel free to ban me from your servers, hey wait, we can ban each other n00b.

Once again, i am done with you. You are not worth my family time with my wifey. To be bothered with, and to ramble on and on, on your level. I am a smarter person. I will let you win this.

TA TA BITCH n00b.
