f00kerozcongratulations Alkaline  
you are really doing your clan proud

NOT

by fuck am i glad i left United N00bs  
your just proving what a retarded lot you are

and what happened when OZ challenged UN to a clan war  
the hypocritical alkaline said they werent playing clan wars till renguard came out

talk about hypcrite

Congradulations retarded F00Kerm guess what OZ plays more on UN servers then their own,  
perhaps they can't stand your constant bitching in the game, good thing you left UN because the  
entire clan wanted you retarded constant bitching ass out. THE minute you lost admin rights you  
were out. Good we need to clean the trash every now and then :rolleyes:

NOt to mention half of your clan can't even get renguard running... Invader was here and posted a  
lovley solution to RG, perhaps your stupid ass would be wise to do it as well.

As for renguard, HAD IT BEEN A SOLID WORKING PROGRAM, WHICH IT ISN'T :rolleyes: I  
would be using RG :rolleyes: He RG network centralized bullshit is not something i'm about to  
tolerate, however, we'll fight OZ if you want, and play on your renguard server, but most likely half  
of the players won't be able to join because stupid ass RG network will say we don't have it  
running, or won't even start up in the first place.
