it was trying to get you two to stop. Yours are real IRC messages, so why the fuck are we posting them in here? Not like the rest of us want to hear a debate that you two had already fought. So my fake messages were to get you two to stop, sorry if I didn't wanna see fighting. Yes, I acknowledge the fact that I could ignore the thread, but how the fuck was I supposed to know it contained a debate when I first saw the topic?
