Doit! <http://www.outwar.com/page.php?x=563865>

That is a game I think is pretty cool. Each click on that I get helps me build a bigger army! So click and I'd be thankful. Also if you click that and on the same page, you create your character, you get extra defense during attacks from my character. I dunno I thought it was a pretty cool game.

if you give me link with that many pop ups again i will show you my army
