hum, I don't know, the Al-Quida Terrorist maybe a better choice to stick in a jar and make a light bulb out of. Besides, they hate us, and having a glowing jar that cusses at you for being an american could be ammusing. It also interacts with you and you can tell it to F off and tell it how much we owned it and put it in a jar.

A glowing terroist, jarred then sold for allumination, as punishment for ramming a commercial jet in to the twins. That one sounds better.
