Quote:I'm not a professional 2D artist. I have to learn as I go along, and the only way to do that is to get the opinion of the public on what I create. I use the responses, both good and bad (gee, isn't that something? You don't have to whine about someone saying your work sucks, it's actually helpful.), to get better at what I do.

Quote:Maybe you should have awaited to DB finish it before posting it?

Or maybe if he wanted responses on his work then he should have posted his version, which strangely enough is both what he wanted and what he did, how bizarre :rolleyes:
