This is my web site!

I finally finished my web site and new forums are up and running!!

I hope you guys register to the forums and post!

But... Oh wait! This is just the beginning!

More is coming hope fully everyday!

Downloads, more links, affilates, hosted sites, more Renegade servers and hopefully more supported game when we grow :good:

Now everyone head to Second Wave and register

PS: I'd like to hear what you think about the site and the forums
