Look, we might all die in 2012, we might die in an hour, but it doesn't really matter, because is we all are going to die anyway. Not to mention the extreme irony in these people that say "God will save me" and then go off to make a list of all the girls he wants to bang before that. I don't know about you guys, but I'd rather being happy with God forever than having a 20 second orgasm with some girl I barely know.
