hunteroo2thanks

what about the key???

nevermind...found it

what clues does the diary have? it says what the medicine is, mentions the beer and meat...and has a cd in the back...im lost...

The beer -- he likes it cold.

The meat means nothing really except that there's a paper under there.

The diary also helps you figure out the whole point of what you're doing to get out, and tells you the combination to the lock that you might not have found yet.
