A-DawGNodbuggerLOL.

If any of you have ever seen the chris rock show ther eis an episode where he goes over the rules on how not to get your ass kicked by the police. If i can find a place to upload it, or if anyone esle can I can show it to you.

i saw that on kazaa. its hilarius!

"never ride in a car with a mad women!"

Rule 1: Obey the Law

Turn that shit off!

Your firend may be crazy!

If you jump a turn style you may get off with a warning.

but if you jump and turn style with aloaded gun and smoking a joint you deserve to get your ass kicked by the police
