IRON-FARTQuote:

God wasn't created because he is eternal, meaning he was, is and is to come. It's something our infinite mind can't fully understand.

I really want to know how you came to that conclusion.

I think the mind of a person is designed to accept religion.

I wrote that wrong. What I was trying to say was we can't apply our finite thinking to infinite matters.

Perhaps I should work more on my writing.
