Ok the older people will know what I'm talking about. There used to be this guy on the official renegade forums during the beta. He had like the most posts, and he seemed to ALWAYS be on the forums (besides when he was playing lol). He was dying for this game to come out more than any one. Then the day the game came out we never saw him again??? WTF Sorry I don't remember his name. You know where he went, it's always bugged me.
