Deathgod...I happen to like this game just the way it is...I don't want any changes made to the maps themselves

This is the last time I am saying this. We aren't going to "change" the official maps. There will be BHS versions of official maps, as well as new maps with enhancements. It will be YOUR CHOICE to host or play them or not. We are just talking about possible balance issues, nothing has been done as of yet.
