I agree. A lot of the games on the pits get that close of games. 1256 to 1267 and watching the points jump over eachother suspensefully and if we allow it, THEN!!!.....some n00b that cheats attacks harvy or 1 or 2 tanks and blow them up with a few shots. Now ur team is screwed and you will never know "fairly" what team would of won. Plus, you get docked points for being on the loser team.
