Wow, as an American I haven't ever heard of this before...

Why am I not surprised?

Things like this go unreported in this damn country all the time.

As i've said before, FOX (Piece of shit biased bullshit network) is too busy reporting fluff and that cat stuck in a tree.

CNN, NBC... All the same crap.

As for the medics... This is tragic. Those 6 people (notic that they are people, not monsters) help their country and Libya, and this is their thanks?

This is just irresponsibility on Libya's part. Blaming 200 deaths on 6 medics is a bit ironic.
