Well, I been living in New York City for 4 years now and its been some of the best years of my life 9-13 . I think the best year was this one (7th,) though, cause I found out what fun girls are weee. Anyways nobody needs to know that... I'm moving to PA over the summer so I decided to start working on something I can hang on my room in my new house...

<http://www.n00bstories.com/image.fetch.php?id=1023139959> (still a draft- needs way more work...I specially gotta rewrite "lyfe" cause the letters suck balls.)

As you can see I wrote as many girls as I could remember their names in the crystler building, I'm planning to get this signed by all my friends, the girls could sign in the crystler building and my friends could sign all over the rest of the paper.

1. I'm not a wigger and don't classify myself as one.
  2. If you think I'm a wigger go to the "post your picture" topic... I'm definatly not white so don;t bash on me for my style of art .
  3. I blurred out my handwritting to avoid stupid comments.
  4. If it really sucks just tell me I need opinions, I don't one my friends to know bout this untill I take it out on the last day of school so I can't really ask them.
