---

Mmm, summer.

Assuming I didn't slack my way into summer school, I'll be going camping and fishing in Canada a few times (hopefully), probably going to South Dakota to visit relatives again, and possibly to good ol' Phoenix, AZ to see the Aunt and Uncle. Other than that, I'll be doing some housecleaning or stocking or something in my dad's university lab for some cash, which I'll use to either buy some stuff for a new pc. If that doesn't work out, I'll get some new amplification equipment and play a few gigs while I'm in town.

Super-awesome.
