Quote:From the FUD RULES:

...you may be banned without warning at any time so that a member of FUD can get on the server. Yes, they take priority over you. If this happens, nothing personal, and the ban list is cleared frequently so you'll be able to get back on in a day or so.

FUD has never impressed me. I was banned moments after I joined so one of their cronies could get in. Instead of an apology I got attitude.

:rolleyes:

Javaxcx has always been so cool, it's hard to believe he even associates with those n00bs. I thought FUD went under, and no one was upset, why bring them back?
