Well, i ve been doing some investigating about the place where my 'friend' dave lives.

I got his details so far, i know where he lives now, i know his phone number, i even know his bank account number and international transfer ID.

Im gonna gather all this stuff for the police and my lawyer.

This is really really not the last thing they hear from me. They are so gonna be screwed back by me. They probably done it before to others who didnt do nothing about it. But, they picked the wrong guy to fuck with now. I AM getting a lawyer and stuff and they are gonna pay bigtime sooner or later!
