I knew Trey through being part of the administration at n00bstories, and consequently through IRC.

He was always online, and most definately always there to lend a helping hand regardless of what he was doing or what was going on in his life. He was also a competitant leader and didn't back down from a challenge; be it from script kiddies, or just from certain idiots being idiots. He was admirable in the way he delt with issues online, and I can only assume, the way he did in his daily life.

I know I won't forget that.

To spark a quote from way back when: "Love Trey; Fear Trey".
