xptekxptek"Forgiveness can't change the past, but it does enlarge the future."

Sure, why don't we forgive and forget about the whole Holocaust thing, and see how long it takes for that to happen again. The people in this community deserve to know the fact that you're a liar and a thief. If they want to forgive you and trust you, let them. It won't be my back being stabbed again in the future.

As far as I am concerned, this discussion is over. Be gone, thief.
