well, this is what I have heard:

there are some groups of people that say, the donations are needed because n00bstories servers need the money not Renguard. Donations have been low on n00bstories, and the owner of n00bstories is asking for donations to fund n00bstories, not renguard, only using renguard's name.

mac on gamespy said he was in charge of the renguard project and they are financially fine.

I'm not going to mention the group of people's name because I do not want to start a fight. But I would like to know if this is the truth or not. Thanks.
