NeoXSir Phoenixx All countries whose names end in 'istan', there's just too many of them!

All countries whose names start with the letter I, and end with the letter Q.

Canada for trying to pass off ham slices as bacon, and for making their flag nothing but a large orange leaf. (And for almost literally having an army of one.)

France, just because it's France. (Hey, they only have a few military victories, one of them was against itself.)

(You know what would be fun, to nuke the sahara desert and turn it into one big sheet of glass... )

You are a moron :rolleyes:

Wtf? Are you really that stupid, or did you get lost and don't even know what you're replying to? The entire point of this thread is to post countries to annihilate for funny reasons.

Fucking talentless retard.

(Red, orange, it's the same difference...)
