Bah, the only reason my 1 comp has 7MB free is cuz it was used for a graphics design class...my sis' files don't really help that much either, seeing as she likes to save all her pics in .bmp form & not .jpg or .png :rolleyes:

I only really run a ventrilo server off of it anyway...so ya

Also, I only have 2 mod maps on any of my comps, & that's only on my laptop (this comp), if I see another new map pop up outta nowhere, then it can say hello to my McAfee Shredder for me :rolleyes:
