spoonyratThe incident I'm talking about was Complex, I was GDI. All he had left was his ref and a med tank he'd stolen due to my carelessness. I planted a beacon in his harv unloading bay but he killed me as I tried to defend it. Then he moved his med into the bay but the harv pinned his tank against the wall so he couldn't get out to disarm it :rolleyes:

Remember when we tried to re-in-act that on Renegade?
