VegitoSame as your challenge for someone to show you an aimbot blazer.

No, that's quite different. My challenge is a just one. It's a simple fact that there are no working aimbots for Renegade.

It's NOT a fact that being a Sniper in Renegade is more important than anything else. Yes, it's your opinion, and your playstyle. But it's not the best way to play, not how the game is meant to be played.

There is no disputing my challenge. To dispute yours all I have to do is be on the enemy team and make a couple of APC rushes (which you won't disarm because you don't want to trade in your sniper).

Teamwork > SelfishSnipers
