Demolition manKIRBY098<http://www.planetcnc.com/features/encyclopedia/cnccanon/>

far better reading, and much more descriptive. Hell, it's probably an excerpt from the above document.

No planetCNC used that document to make cnccanon. PlanetCNC also still got that document on there website.

<http://www.planetcnc.com/obelisk/text/ccstory.txt>

No, I've used the original document, not this one exactly (there's an earlier version available, it is better than this one). But yes, the RA and TD parts are based on the document, with various fixes and additions. The Ren and TS/Firestorm parts are all by me (with the exception of manual excerpts and Ren backstory documents).

The C&C Canon is a work in progress and will remain so till the last true C&C is released. Or maybe even after that....
