It looks nice from the screenies can't wait...  
I hope more people download it this time though.

Aircraftkiller

WTF are you talking about? PLEASE, PLEASE STOP POSTING MISINFORMATION.

The only difference between primary and secondary fire is that the secondary missile flies 30% faster, but does about 100 points of damage.

Both missiles track 80% of the time.

Just out of curiosity how much damage does the primary one do then ? Obviously more but....
