npsmith82Try_leeAlready fixed.

Check out the commando website thing, plus the models are already RenGuard approved.

Edit: Because I really don't want to do maths, <http://www.cannis.net/commando/model.php>Oooh, wonderful!

Yeah but it is just a temporary fix. It causes Renegade to crash in SP mode.

KaiserPandaDoesn't look like a Chinook, isn't called a Chinook, so that makes it... a Chinook?

Westwood forgot to add the turbines.
