Sir PhoenixxShitty gunboat? There's literally nothing wrong with it.

Dude, the gunboat looks good, but nothing is perfect. It looks fine, but it just seems sorta funny when you look at it from some angles. I'd give it an A-.

ACK, now that you're here, can you tell me whether or not the depth charges will come out of the Stinger launcher like depth charges come out of the turret in the gunboat?
