AircraftkillerProblem is, I know what was meant to happen with the game... So my word should hold as much weight as a WS employee, seeing as how the only difference was that I didn't receive a paycheck.

well, maybe if you didn't act like a pompous ass all the time your word would actually be worth something. i bet the biggest reason people don't believe you is because they hate you. they don't care if you did or did not work for westwood. all they care about is that you're a nitpicky little bastard who acts like he's god.
