Is there any way we can get more people to come here and post their opinions? 23 vs 20 isn't really something to go by, and while I know this is just to get an idea of how many people want/don't want things to be changed it would be better if there were at least a hundred people voting on these polls because I've seen 300-odd logged onto renguard at the same time so they must have some interest in the community.
