BlazerI heard some fucktard was DDOSing it because he was mad at someone...so not much EA can do.

Someone on IRC emailed EA and they informed him they applied security patches to the servers and something went wrong. Wish I had the quote...

It isn't down because of maintenance, or a technical problem. It's down because some fucking

newb (whose name begins with a V) MADE it go down.

Maybe some people hate EA so much that they hacked WOL.

I allways wanted to try WOL, but I guess I never will.....
