Model and texture are both mine. If anyone remembers Red Alert, this thing tends to explode violently when destroyed. Makes for a perfect single player mission addition.

Well, that must've taken you ages to make!

For something so simple, it looks good.

Looks nice AK, I checked this out yesterday on the site. I also read an article about crates, and rounded crates (barrels)

You can read the article here

SuperFlyingEngi

Ironically enough, it looks just like a barrel.

Very ironic. I was flabbergasted when I opened the thread.
