Clan as a whole:

500+ members

>5 years

Warrior Nation is one of the largest and most professional and well organised clans around. We have a 100 man teamspeak server, Ventrillo server, Radio Station....

We of course support CnC Renegade - around 30 members. Always looking for both competitive and casual gamers.

The clan as a whole is mainly American based, but our CnC Renegade section is mainly Euro based.

Post here with ingame name and contact details and we'll see about a try-out.

Well These are the forums (Well the original ones at least) where I found Warrior Nation. I have

never looked back since. I love WN and you get to have to uber l33r WNx tag in front of your name. You also get to be a part of one of the greatest clans that is about. I love it.

I recommend it to anyone and everyone.

Come and check the site if you don't believe me

Euro - although some of us make a trip over to US servers sometimes.

The time difference is the real killer.

We have just got our own server now.

On the Euro Server

WNxServ - [BR][RG]WWW.WARRIORNATION.NET

30 mins

0 Credits

I hope you will all enjoy.

It is actually based in Texas so people from US would get good pings in our Euro based server.

There are 4 servers now coming from Texas in the Euro Server so come and have a look.
