Would it be possible for you guys to make maps that are really really big,( a lot bigger than they are now) no "bases", you spawn anywere on map that way people can't just camp out side your base and kill people, mabey add some fog, Better terain to hide behind, or anything to make the sniping actual sniping instead of just running at someone point blank shooting in head with a sniper rifle and calling it sniping??

If you want "real" levels like that, go play Renegade Alert.
