Damn Its funny how everyone is leaving Renegade. Ive only been playing this game for about a year and I clutch on. In my book its the only good vehicle game. UT2K4 you have to wait for the damn vehicles to spawn.

Ummm it sounds like you are upset, and thats usually not a good time to make decisions like that. You are obviously frustrated, are you having problems with the FDS patch? Please talk to me or one of the other team members on IRC, or make a post in the Blackhand Studios Public forum.
