"I've just learned that G4 has fired the entire staff of TechTV.

Per the WARN Act (governing plant closings) all the employees of TechTV have been given 60 days notice. The San Francisco operation will be shuttered by July. 100 of the existing jobs will be posted for those willing to relocate to LA.

Outgoing COO, Joe Gillespie will say good-bye to the troops tomorrow. Incoming CEO Charles Hirschorn will say hello (and good-bye) on Monday."

Sucks eh?

It sucks like hell. They don't have any good programs. All their "game reviews" are shallow and crap.

No wonder the wanted to close TechTV.

Of course they're shutting down some shows on both stations, but it's necessary. Yes, I'm 'sad' for Leo, but what can we do?
