Oh yes they can...

They just need to be approved.

And simply sending your skin to the team doesn't mean it will be approved and allowed.

Uhm I don't play in pure mode servers. I don't see why it won't be allowed, my basic soldier gun is allowed so why not this?

I think it's only w3ds that need to be approved; if you join any non pure you won't be kicked.
