We have not been around for too long. I have had the site worked on for a while, trying to get the site perfect. Unfortunately it is not yet. Still need a banner. And you don't see many other people on these boards who speak proper English

I'm not saying this to be mean but most people won't join a clan where the leader is 13 and is ranked almost 20,000.

I have to let my little cousins play on my account (they love the game and love to get on my nerves) so my rank drops. No I am not just making up excuses. I am a skillful sniper. No, I don't mean Majin Vegeta's definition of today's "skillful sniper" lol.

At least that's a plus.

I had the same problem for a little while so i created a second account for my little brother to use.

If you want others to join your clan I suggest you make an account for your cousins to use and an account for you, most people won't join a clan if the leader is ranked much lower than them.

I was already planning to do that, but I haven't been able to create a new account thanks to the assholes at EA...

But i just remembered I had seen somewhere I could register a new account. But I can't play Renegade because I had to restart my Renegade so now I have to download the stupid patch .

You can have 4 accounts on the same email, log in here using your existing login and you can create more.

http://games2.westwood.com/cgi-bin/cgiclient?register&request=expand_template&Template=reg_menu.html&LANGCODE=0

Or if you want to create a new one using a seperate email go to "New Account" on the In-Game login screen.

Thanks, I saw it and cried again, I've done that twice already this week.

When it's fixed can I join? I don't cry all the time really!
