Sweet! Too bad it would probably break in the mail lol. Unless they pack the chip in like tons of cotton, bubble wrap, and other shit like that.

I'm the one who bought that bag...Its pretty obvious, the bag weighs like nothing and when you feel it and shake it, you can tell there is only one chip inside.

Price of bag: .01

Price of shipping and handling: 6.75

Delicious irony of hapless nitwit actually buying it: Priceless.

Blazerhttp://cgi.ebay.com/ws/eBayISAPI.dll?ViewItem&item=4169418443Meh, we get those all the time at work, i could make millions on eBay...

Besides, i've never understood why they're called "Lays" everywhere else, but they're called "Walkers" here... to be honest, i see no point in the name change.

Lays was called Smiths here in Holland up to a few years ago until they changed it to Lays. They probably want to standardize.
