i used to wakeboard a lot, with a Dan Nott, he is a UK wakeboarder who now competes on the US Pro tour, I taught him his 1st backroll Mainly tho i used to kneeboard, competed at national level for 3 years, was UK champion in 1996, but since then weed and renegade have taken their toll Talking about bail pics i will try and digout some, i got 2 nasty pics, 1 i attempted a wake 7 and during the rotation i put my arm throught the V of the handle, hit the water and pop, my shoulder came outta the socket, 2nd one i was running thru my trick run, took a bail, hit the water hard, the board split in half and one half hit me in the forehead = concussion, and 10 stiches in my head whoo

And apparrently you can't read. He meant that he knows someone who looks somewhat like aprime. This someone he knows is a stoner. Aprime, whom looks like this stoner he knows, is not a stoner however. Aprime is also younger than this stoner he knows.

Nowhere did z310 say Aprime looks like a stoner. He only said he looks similar to a stoner that he does know. I hope you can correctly comprehend the words I am typing and not resort to some n00bish flame because you couldn't make sense out of it.

I'm emotion-less most of the time, media killed my emotions, not to mention all the stuff that happened earlier in my life (losing father)...Just kidding, I barely smile when I'm not inter-acting with someone else. You could nickname that a "bossy attitude".

By the way, it's mostly hard to figure how old a teenager is on a picture, I don't understand why I don't get the same shaving effect than most adults, maybe it's something with my skin, I personally have no idea.

what "program"?

my local NDP candidates ran an add with half of the words spelled wrong.
then the local university chapter ran an ad...with half the words spelled wrong.
They released their 'orange book' a week after the last election was called. the liberals, tories, and
alliance parties had theirs out ages before.

I'm sorry, but alexa and Jack were both jokes. There hasn't been a good NDP politician since
Tommy Douglas. (Who we can thank for our health care system - i will thank the NDP for that)
