Hmm, well I dont wanna be demanding becasue I can't even make a model, but I would like to request a model replacement. This one is for the shotgun. A beneli swat fitted shotgun. well id like these features: custom hand and relaod positions, and after evry time he pumps it like the regular shotgun in Renegade. image for reference:

Thanks sooooooo much, and im not trying to be picky but i wont be able to texture it and all so maybe you can take care of it, thanks so so so much!

Sorry. Most everyone here is a selfish cunt. Even if they had made one they probably wouldnt give it out claiming it for a mod or something.

If you were expecting some kind of "Ask and you shall receive" thing here you may wanna try a forum or person that makes mods on request because they enjoy doing it. They DO exist and are great.
