A long time ago I used this tutorial and it helped me learn alot of stuff , not to mention how to make maps. I notiiced alot of people asking questiosn that i learned from this tutorial. So .... I unziped Beachhead's lunar landing map and took the email from it. Then sent him a message. He replied with the link   Enjoy. This shows you how do alot of stuff in gmax as well as level edit. Ive never read the whole thing myself , but alot of people who want to start making maps use this tut. I guarantee it will help y
