MTV is retarded and I hate it. They barely have music videos any more, and when they do, half the time it's just crappy rap songs. Now it's just the Reality Dating Show Channel, and you have to get MTV2 to watch music videos any more. And I say Rage Against the Machine is a lot better than Cree-stupid.

Also, Sum41 had one good punk song, Fat Lip, and then they just sucked.

HAHAHA i don't think so.

ROFL...

I totally agree with that.

I wouldn't classify them as rock.

If you trained some monkeys to play drums and guitar, MTV would classify it as heavy rock or metal.

MTV sucks so bad...They don't show an music, just rap and some gay bands such as Sum 41.

I rarely see any good music on MTV. I still wonder where they got the "biggest rock band" thing from..

"O really what songs??" now here is were it gets good "Blitzkeirg Bop" "name another" I dont know any, thats the one i know from tony hawk, so im punk because i listen to that one song on tony hawk" grrrr
