Check it out, but I don't claim responsibility for damage done to the psyche for anyone who visits expecting a "lovey-dovey" site, only to see the "cute" (cartoon) animals get slaughtered

MTV: Netherlands shows this program after 23:00 now a days.

I'm afraid this show is slowly becoming a hit. Now I don't get shocked by violence that quik, but this show goes to far for me, I just can't see a reason to laugh when watching.

Imfao, my ex showed me that site a long time ago while we were still going out. I like the intro when the bunny gets picked out of the machine and then it starts getting banged into the walls and all the other dolls start freaking out rofl, it broke my heart though
