i wanna try out some custom maps can start a game as 1 player? like instead of a mision. i do have 2 pc's but would be easier to look around using only 1.

any information is welcome

in LAN mode set the number of players option to 1.

You mean try it out without a server or anything? Yeah just go to

Multiplayer LAN

Host Game

Make the number of players 1

Dedicated should not be checked

Choose your maps

I would say to set your credits to 9999 or something so you can get a vehicle to browse the map with.

If it says GAMEPLAY PENDING then go back and uncheck dedicated server.
